Presented by the Technical Association of the Graphic Arts
March 17, 2020
2020 Bruno Award Recipient: Laura Lawton

Laura Lawton is the President and Owner of the Spokane-based companies Lawton Printing, Inc. and File-Ez Folder, Inc. She’s the fourth generation of her family to manage these creative enterprises. Lawton is comprised of three divisions: Lawton Printing Services; innovAGING, which produces directories for senior citizens and their families; and Navitabs, which creates tabs for books, reports, and more. Lawton’s sister company, File-Ez Folder, produces pocket, laminated, and printed-pocket folders for high school, college, and business markets. Laura began in customer service within her family’s company in 1984, taking on the reigns of scheduler in the Commercial Printing Division and assistant and manager of the Publications Division before becoming owner in September 2008.

While Laura has been President of these companies since 2001, she also has extensive experience in the wider print industry. Laura graduated with a Bachelor of Science degree in Graphic Communications and was awarded the 2019 Lewis Memorial Lifetime Achievement Award by Printing Industries of America (now PRINTING United Alliance). Outside of the print world, Laura demonstrates her passion for community with a variety of involvement. She has served on the board and executive committees of the Association of Washington Business, Junior League of Spokane, Greater Spokane Incorporated, and the Rypien Foundation, which helps families who are battling childhood cancer. Laura is also the Board President of Project Beauty Share, an organization that provides personal hygiene, cosmetics, and beauty products to women and families overcoming abuse, addiction, homelessness, and poverty. In the past, Laura has served on the Whitworth Business Advisory Board, Independent Colleges of Washington Board, and the Saint George’s School Finance Committee. Through these organizations, Laura continues to create meaningful community partnerships.
Michael H. Bruno TAGA Award For Outstanding Contributions to the Graphic Arts Industry

The Technical Association of the Graphic Arts is an international organization of technologists, scientists, technical, and production personnel in the printing and allied industries, as well as students in accredited graphic arts programs. It was established in 1948 as a forum for reporting on new research and technology in the graphic arts. It has a long history of distinguished annual conferences at which technical papers on graphic arts subjects are presented. The annual volumes of TAGA Proceedings are the published records of these papers by leading technical and scientific men and women who have contributed immeasurably to the progress of printing technology and graphic science throughout the world.

The Board of Directors of TAGA hereby recognizes a professional with a distinguished career to receive the 2020 TAGA Michael H. Bruno Award in appreciation of his dedicated service and contributions to the advancement of graphic arts internationally. As evidence of this honor, the awardee will receive the Michael H. Bruno Award. This award is named for the late Michael H. Bruno. Printing was his vocation for his entire working life. He was a kind and gentle man who was passionate about printing and the people who produced it. In his own words, “I had the good fortune to be where the action was during the most active period since printing was invented.” We, in turn, were very fortunate to know Michael. Everyone who knew him or knew of him respected him and his incredible knowledge of the industry. What a wonderful legacy to leave for the world.

Presented here is a summary of the accomplishments of this year’s distinguished recipient of the Michael H. Bruno Award.
